End Application:

Pf42 mde lube oil cooler

Core Length:

16.180 inches

Core Width:

59.000 inches

Tube Quantity:

137

Core Height:

19.562 inches

Heat Transfer Method:

Indirect

Product Name:

Pf42 plate pack assembly

Special Features:

Note: spare gasket part nbr g3233018196 138 required for complete plate pack; colloquial name: core assembly, fluid cooler

Material:

Steel comp 316 plates

Style Designator:

Plate, rectangular or square

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A28500
