End Application:

Fluid cooler, small boat

Core Length:

22.750 inches

Core Width:

32.000 inches

Heat Transfer Method:

Indirect

Product Name:

Core assembly

Special Features:

Fin height is 26 in.; fin count is 12; core assembly is used on p/n 028541, fluid cooler

Material:

Aluminum tubes and copper tubes

Style Designator:

Finned plate, rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A28500
