Diameter:

17.500 inches

Length:

26.000 inches

End Application:

Mk38 mod1, carriage, 5/62 cal. Gun

Heat Transfer Method:

Indirect

Product Name:

Mk45 liquid to air heat exchanger

Special Features:

466.5 btu/hr min. Heat removal rate; 38 psi max. Oil pressure drop; mil-f-17111 fluid; 165 deg. F. Oil inlet temperature; 384 lb/minute oil flow rate; 115 deg. F. Air inlet temperature; 143 lb/minute air flow rate; 90 deg. F. Ambient temperature

Height:

10.000 inches

Material:

Aluminum alloy

Style Designator:

Cylindrical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A28500
