Product Name:

Plate heat exchanger

Special Features:

4pressure: 150psi; temperature: 149 degrees f; plate material: sb-265-gr1; gasket material: nbrht + cr c/o; cassettes: 8 actual, 11 , channel cassette material titanium; specially designed 2in., 300lb. Rated I j flanges are supplied with unit

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A28500
