Overall Width:

176.0 millimeters

Overall Length:

1016.0 millimeters

End Application:

2320-01-552-7770

Product Name:

Plate, baffle

Material:

Aluminum alloy

Material Specification:

Astm b209 assn standard single material response

Shape:

Rectangle

Thickness:

1.6 millimeters

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A28500
