Special Features:

Autoclave, metal bonding, horizontal; carbon steel construction, 24.0 i.D., 36.0 long with rapidoor closure; 200 psig and full vacuum at 600.O deg.F.; external electric strip heater, 480 volt; external cooling circuit; internal fan and air circulating duct; removele insulation system

Fsc Application Data:

Industrial furnaces and ovens

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T242-b
