**Special Features:**

Furnace used to strip electric motor stators by use of heat: pollution control included; material cabinet sheet steel. Floor castable refractory; includes explosion relief; insulated; fuels natural gas, propane, no.2 fuel oil: water supply 30 psi min. 100 psi max. W/ flow rate 0.3 gpm: reclaim time 4 hrs. Plus cooling; timer included: front and top loading; cart and track loader included: weight 2090 lbs.

**Fsc Application Data:**

Industrial furnaces and ovens

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T242-b
