Accessory Components And Quantity:

Ohydraulic power supply with hydraulic pump 1; motor starter, return line filter and filling of hydraulic fluid 1; stanchions, hydraulic valve, set of water cooled leads 1; set of drawings and manuals (in english) 3

Voltage In Volts And Current Type:

460.0 ac

Special Features:

One 175 kw vip power-trak-30; refractory linings are not included

General Description:

Power supply designed for 460 volt 3 phase 50 hz power line; one air-cooled step up autotransformer to convert 380 volt 3 phase 50 hz power line to 460 volt 3 phase 50 hz for vip power supply

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
