**Accessory Components And Quantity:**

Ohydraulic power supply with hydraulic pump 1; motor starter, return line filter and filling of hydraulic fluid 1; stanchions, hydraulic valve, set of water cooled leads 1; set of drawings and manuals (in english) 3

**Voltage In Volts And Current Type:**

460.0 ac

**Special Features:**

One 175 kw vip power-trak-30; refractory linings are not included

**General Description:**

Power supply designed for 460 volt 3 phase 50 hz power line; one air-cooled step up autotransformer to convert 380 volt 3 phase 50 hz power line to 460 volt 3 phase 50 hz for vip power supply

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A23900
