Wattage Rating In Watts:

1160.000

Overall Height:

19.750 inches

Current Type:

Ac

Overall Diameter:

14.750 inches

Usage Design:

For small storage areas

Desiccant Type:

Alumina, activated and silica gel

Desiccant Bed Quantity:

1

Dehumidified Air Delivery:

27.000 cubic feet per minute

Reactivated Air Delivery:

15.000 cubic feet per minute

Water Weight Removed Per Operational Hour:

0.250 pounds

Input Relative Humidity In Percent:

50.0

Voltage In Volts:

115.000

Phase:

Single

Frequency In Hertz:

60.000

Weight:

50.0 pounds

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T247-a
