Overall Height:

85.000 inches

Overall Width:

53.500 inches

Pressure Rating:

150.0 pounds per square inch

Voltage In Volts And Current Type:

115.0 ac

Special Features:

Includes purge adjustment valve, purge control pressure gauge, purge control valve, tower pressure gauges, tower pressure relief valves and check valves

Material:

Steel

General Description:

O/a depth of unit is 35in.; maximum inlet temp 125deg f; inlet and outlet connections 1.5in. Npt; nema 1 enclosure

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
