Overall Height:

3.000 inches

Overall Diameter:

1.1200 inches

Container Material:

Aluminum

End Application:

Stand alone weather system (saws)

Desiccant Material:

99.2%pure silicon dioxide; silica gel with 0.4 to 0.5% cobaltous chloride, granules remain blue while active and turn pink upon saturation

Desiccant:

Included

Special Features:

Vent screw; hex flats diameter 2.00; standard materials: aluminum construction, clear polymer sight, buna n seals

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T282-u
