Overall Height:

36.000 inches

Overall Width:

16.500 inches

End Application:

Air-dryer/support equipment

Model Number:

Tx2500s

Current Rating:

12.500 amperes

Product Name:

Air dryer

Special Features:

Ruggedized for outdoor environment; oilless compresor; operating temp maximum 125 degrees f/min -40 degrees f; humidity alarm cut-off at 2pc.R.H at 70 degrees f, high-low pressure and power failure

Functional Description:

Air dryer used in cable pressurization

Material:

Aluminum

Reference Data And Literature:

Www.Txtechnology.Com

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
