End Application:

Dehydrator assembly 2 in. W7462-625; piping system r-134 air conditioning 200 ton water cooling system; unit, marinepak, condensing 1.5 ton high efficiency r-134 rotary vane compressor ship stores plant

Accessory Components And Quantity:

Drier cartridge, p/n wb72-nms (37jq9), 2; safety cap assembly, 1

Bodylength:

13.450 inches

Bodydiameter:

4.000 inches

Special Features:

Max. Working pressure: 300 psig; test pressure: 450 psig

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T247-b
