Current Type:

Ac

End Application:

Air route surveillance radar (arsr)

Voltage In Volts And Current Type:

115.0 ac

Product Name:

Heatless dryer assembly

Voltage In Volts:

115.0

Special Features:

Heatless dryer assembly for the small capacity pm2400 pole mount air dryer; model shown in the operation manual ib-352, page 14, item 19b and also manual ib-352 rev d, page 14, item 19a

Frequency In Hertz:

60.0

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T247-a
