Unpackaged Unit Weight:

17.7 kilograms

Bodyheight:

222.5 millimeters

Bodylength:

254.0 millimeters

Bodywidth:

431.8 millimeters

Product Name:

Dryline dehydrator

Special Features:

European power cord with stripped leads; 240 vac; 50/60 hz; single phase; 15 amp; 180 watt power consumption; -10 to 50 c operating temp; 68 mbar low-pressure alarm; 10 minute excess-run alarm; automatic membrane; 60 cubic ft maximum volume; 1.5 cubic ft min vloume

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T247-b
