Overall Length:

12.500 inches

Overall Height:

6.500 inches

Overall Thickness:

0.880 inches

Special Features:

Mesh screening; frame and filtering media aluminum alloy; filtering media has 67 percent efficiency, holds dust 71 grams per sq ft, electric field attenuation in excess of 110db, 14khz, 200 khz, 1mhz, 18mhz; plane wave field in excess of 10db, 400mhz; magnetic field 720b, 200khz

Material:

Aluminum alloy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A515q0
