**Voltage In Volts And Current Type:**

230.0 ac

**Product Name:**

Filtration ecu. Isolation, 3.5t hepa

**Special Features:**

Amps: 50hz and equipped with turf wheels

**Functional Description:**

Item is (ecu) included in power generation & reticulation

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A23900
