Criticality Code Justification:

Zzzy

General Description:

Jmaterial, steel, astm-a-7; 4.750 in o/a dia; 1.750 in diameter centrally located through hole; 4 through holes 0.875 in diameter with 3.250 in counterbore 0.188 in deep; 2 through holes 0.750 in diameter spaced 180.0 degrees apart

Reference Number Differentiating Characteristics:

Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
