Criticality Code Justification:

Zzzy

General Description:

Material beryllium copper; 2.500 in. Lg; 2.875 in. W; 0.017 in. Thk

Reference Number Differentiating Characteristics:

Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
