**Criticality Code Justification:**

Zzzy

**General Description:**

Material beryllium copper; 2.500 in. Lg; 2.875 in. W; 0.017 in. Thk

**Reference Number Differentiating Characteristics:**

Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli
