Criticality Code Justification:

Zzzy

General Description:

Material is cres per astm a276; 15.500 in o/a lg; first end thread 1.500-8un-2a rh by 4.750 in lg; second end thread 1.500-8un-2a lh by 4.750 in lg

Reference Number Differentiating Characteristics:

Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
