**Body Material:**

Brass

**Outside Surface Treatment:**

Chromium

**Body Style:**

Flush valve (exposed type)

**Stem Material:**

Brass

**Media For Which Designed:**

Water, fresh

**First End Connection Type:**

Threaded external pipe

**First End Style Designator:**

Plain

**First End Pipe Size Accommodated:**

1.500 inches

**First End Thread Direction:**

Right-hand

**Second End Relationship With First End:**

Identical

**Inlet Location:**

Back

**Seat Material:**

Brass

**Usage Design:**

Exposed pipe

**Flow Control Device:**

Diaphragm

**Flow Control Device Material:**

Brass

**Valve Operation Method:**

Handle

**End Connection Quantity:**

2

**Operating Mechanism Angle From Inlet In Deg:**

180.0

**Flush Type:**

Pressure

**Specification Or Standard:**

E part and 1 type and 1 style and a model

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A07100
