Overall Length:

15.750 inches

Overall Height:

2.000 inches

Overall Width:

11.000 inches

End Application:

Next generator radar

Material And Location:

Steel, stainless container

Surface Treatment And Location:

Nickel plated container

Color And Location:

Natural container

Physical Form For Which Designed:

Folded

Dispensing Slot Location:

Front

Automatic Paper Roll Stop:

Not provided

Product Name:

Easy-pull dispenser

Special Features:

Designator is for dopple meteorological radar

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T313-f
