Handle Type:

Handwheel

End Application:

4510-01-453-4012; 4510-01-477-7764; 4510-01-521-1860 containerized latrine

Locking Device:

Not included

Installation Design:

Exposed

Operation Method:

Handle

Shutoff Operation Type:

Not self-closing

Supply Connection Tailpiece:

Not included

Supply Connection Pipe Size Designation:

0.750 inches

Supply Connection Type:

Male thread

Product Name:

Valve, boiler drain

Special Features:

Copper or male threads to hose

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T313-c
