Body Material:

Nickel copper alloy

End Application:

Misc hull structure group

Unit Type:

Beehive

Open Strainer:

Included

Clamping Ring:

Provided

Product Name:

Deck drain

Special Features:

Has 2-in seal which has 8.313 in dia; flange height is 2.250 in; height is 8.313 in; kit includes strainer, baffle, valve disk, stem, nut, machine screws, gasket, and cotter pin

Material:

Nickel copper alloy

Material:

Nickel alloy

Shape:

Round

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T313-d
