Body Material:

Plastic

Design Configuration:

Perforated

End Application:

Boat, rigid, inflatable, 11 meter, 11mr0421

Open Strainer:

Included

Open Strainer Dimension:

Height is 2.000 in; id is 2.375, and od is 3.016

Special Features:

The housing is abs plastic, and the strainer is corrosion resistant steel; the housing is black; the grate diameter is 4.375 in

Material:

Plastic and steel, corrosion resisting

Material:

Plastic and stainless steel

Shape:

Round

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T313-d
