Body Material:

Steel

Body Style:

Straight thru

Tempurature Rating:

200.0 degrees celsius

Inlet Location:

Left side

Usage Design:

Concealed pipe

Face To Face Distance:

124.0 millimeters

Flow Control Device:

Ball

Operating Mechanism Angle From Inlet In Deg:

90.0

Flush Type:

Ball

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07100
