Element Radiation Specification:

Noninfrared

Watt Density Rating:

10.2 per square inch single voltage

Maximum Wattage Rating In Watts:

4600.0 single voltage

Voltage In Volts And Current Type:

450.0 ac single voltage

Special Features:

U-bent style

Frequency In Hertz:

60.0

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A01900
