Terminal Quantity:

2

Width:

3.000 inches

Element Radiation Specification:

Noninfrared

Element Connection Style:

Wire lead

Length:

7.000 inches

Maximum Wattage Rating In Watts:

150.0 single voltage

Voltage In Volts And Current Type:

115.0 ac single voltage

Material:

Glass fiber sheath

Fsc Application Data:

Receiver, radiosonde set

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A01900
