Maximum Operating Pressure:

33.0 pounds per square inch

Valve Connection Size:

0.250 inches

Valve Type:

Quick air vent

Valve Water Pressure Position:

Closed

Valve Air Return Prevention:

Required

Valve Shape:

Angled

Special Features:

W/ 1/4 in. Brass ferrule and compression nut

Material:

Bronze body, corrosion resisting metal working parts

Material:

Bronze body, corrosion resisting metal working parts

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T114-a
