Body Style:

Cartridge, screw base

Terminal Quantity:

1

Overall Length:

4.500 inches

Element Radiation Specificationtrum:

Noninfrared

Element Connection Style:

Wire lead

Outside Diameter:

2.250 inches

Heat Quantity:

1

Maximum Wattage Rating In Watts:

600.0 single voltage

Element Quantity:

1

Voltage In Volts And Current Type:

115.0 dc single voltage

Material:

Ceramic sheath

Fsc Application Data:

Heater, electric, portable

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A01900
