Terminal Quantity:

2

Element Radiation Specification:

Noninfrared

Element Connection Style:

Wire lead

Terminal Length:

12.000 inches

Length:

Between 9.530 inches and 9.560 inches

Maximum Wattage Rating In Watts:

150.0 single voltage

Voltage In Volts And Current Type:

200.0 dc single voltage

Special Features:

Selected item drawing

Frequency In Hertz:

400.0

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A01900
