Terminal Quantity:

2

Element Radiation Specification:

Noninfrared

Element Connection Style:

Wire lead w/terminal lug

Outside Diameter:

0.469 inches

Length:

1.172 inches

Maximum Wattage Rating In Watts:

2.8 single voltage

Fsc Application Data:

Radiosonde recorder meteorological instrument

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A01900
