Body Style:

Tube element, double terminals

Element Radiation Specification:

Noninfrared

Outside Diameter:

0.375 inches

Length:

2.000 inches

Maximum Wattage Rating In Watts:

50.0 single voltage

Element Quantity:

1

Voltage In Volts And Current Type:

120.0 ac single voltage

Material:

Steel sheath

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A01900
