Mounting Method Style:

Bracket type mounting facility

Terminal Quantity:

4

Width:

15.937 inches

Overall Length:

20.125 inches

Element Radiation Specification:

Noninfrared

Element Connection Style:

Flat bayonet

Maximum Wattage Rating In Watts:

1800.0 single voltage

Element Quantity:

1

Voltage In Volts And Current Type:

440.0 ac single voltage

Special Features:

0.812 in. H, o/a

Frequency In Hertz:

60.0

Material:

Steel sheath

Fsc Application Data:

Range, electric

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fii:

A01900
