### Mounting Method Style:

Bracket type mounting facility

### **Terminal Quantity:**

2

### Width:

21.430 inches

## **Overall Length:**

34.555 inches

# Element Radiation Specificationtrum:

Noninfrared

# Maximum Wattage Rating In Watts:

1214.0 single voltage

## Element Quantity:

1

#### Voltage In Volts And Current Type:

### 440.0 ac single voltage

**Special Features:** 

### 0.430 in. H, o/a

Material:

Steel sheath

#### Fsc Application Data:

Oven, baking

### **Reference Number Differentiating Characteristics:**

As differentiated by the voltage, length, and width requirements

#### Shelf Life:

N/a

#### Unit Of Measure:

---

#### Demilitarization:

No

### Fiig:

A01900
