Mounting Method Style:

Terminal mounted

Body Style:

Strip element

Terminal Quantity:

2

Width:

2.500 inches

Overall Length:

12.000 inches

Element Radiation Specification:

Noninfrared

Element Connection Style:

Wire lead

Terminal Length:

17.750 inches

Heat Quantity:

1

Frequency In Hertz:

400.0

Fsc Application Data:

Inertial platform

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A01900
