Terminal Quantity:

4

Width:

23.000 inches

Overall Length:

23.500 inches

Element Radiation Specification:

Noninfrared

Element Connection Style:

Flat bayonet

Heat Quantity:

1

Maximum Wattage Rating In Watts:

3000.0 single voltage

Element Quantity:

2

Voltage In Volts And Current Type:

115.0 dc single voltage

Special Features:

Upper heating element mounted in a steel frame

Material:

Steel sheath

Fsc Application Data:

Ranges, electric

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A01900
