Body Style:

Tubular, threaded terminals

Overall Length:

20.500 inches

Length:

18.200 inches

End Application:

Ozamitic 60 blueprint machine

Maximum Wattage Rating In Watts:

130.0 all voltages

Voltage In Volts And Current Type:

110.0 ac single voltage

Material:

Steel resistance wire embedding/support insulation

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A01900
