Maximum Operating Pressure:

150.0 pounds per square inch

Inside Surface Treatment:

Glass

Overall Height:

16.000 inches

Overall Diameter:

14.250 inches

Switch Type:

Single throw

Insulated Feature:

Not included

Furnished Items And Quantity:

Drain valve 1 ea.

Attachment Device:

Included

Heating Capacity Per Hour:

6.0 gallons

Thermostatic Switch:

Included

Tank Capacity:

6.0 gallons

Water Inlet Connection Thread Size And Series/type Designator:

3/4-14 npt

Water Outlet Connection Thread Size And Series/type Designator:

3/4-14 npt

Water Inlet Connection Quantity:

1

Water Outlet Connection Quantity:

1

Heating Element Wattage Rating:

1500.000 single

Special Features:

Opening for relief valve 3/4-14 in. Npt thds

Material:

Steel

Material:

Steel

Fsc Application Data:

USEO-NP-RIN-TING

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T285-a
