Body Style:

Finned, tubular, u shaped

Overall Length:

18.000 inches

Element Radiation Specification:

Noninfrared

Watt Density Rating:

9.5 per square inch single voltage

Maximum Wattage Rating In Watts:

1400.0 single voltage

Voltage In Volts And Current Type:

440.0 ac single voltage

Material:

Nickel alloy sheath

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A01900
