Body Style:

Finned, tubular, terminal's at each end

Overall Length:

81.625 inches

Element Radiation Specification:

Noninfrared

Heat Quantity:

1

Maximum Wattage Rating In Watts:

3458.0 single voltage

Element Quantity:

1

Voltage In Volts And Current Type:

440.0 ac single voltage

Material:

Nickel sheath and copper alloy sheath

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A01900
