| Heat Medium Type:              |
|--------------------------------|
| Air                            |
| <b>Current Type:</b>           |
| Ac                             |
| <b>Current Rating In Amps:</b> |
| 5.7                            |
| Heating Element Type:          |
| Electric nonimmersion          |
| Voltage In Volts:              |
| 254.0                          |
| Phase:                         |
| Single                         |
| Frequency In Hertz:            |
| 60.0                           |
| Shelf Life:                    |
| N/a                            |
| Unit Of Measure:               |
|                                |
| Demilitarization:              |
| No                             |
| Fiig:                          |
