Body Style:

Tubular, rectangular

Width:

18.000 inches

Overall Length:

17.500 inches

Element Radiation Specificationtrum:

Noninfrared

Length:

15.000 inches

End Application:

General electric model jbs26001 electric range

Element Quantity:

1

Voltage In Volts And Current Type:

240.0 ac 2nd voltage

Special Features:

Oven bake element

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A01900
