Mounting Type:

Any acceptable

Heat Medium Type:

Air

Width:

36.000 inches

Depth:

6.000 inches

Heating Element Type:

Electric nonimmersion

Inclosure Material:

Stainless steel

Voltage In Volts:

440.0

Phase:

Three

Special Features:

16 ga front and rear panels; elements are monel 0.475 in. Diameter w/fins; 2000 watts capacity

Height:

21.000 inches

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A01300
