Mounting Method Style:

Wrap around type mounting facility

Body Style:

Finned, tubular, terminal's at each end

Terminal Quantity:

2

Overall Length:

32.562 inches

Element Radiation Specificationtrum:

Noninfrared

Element Connection Style:

Shielded wire lead

Terminal Length:

30.000 inches

Shielding Length:

29.500 inches

Terminal Box Environmental Protection:

Moisture resistant

Heat Quantity:

1

Length:

25.750 inches

End Application:

Trane model d4340/7669 air compressor

Maximum Wattage Rating In Watts:

60.0 single voltage

Element Quantity:

1

Voltage In Volts And Current Type:

480.0 ac single voltage

Special Features:

Flexible oval-shape; toggle clamp closure

Material:

Stainless steel sheath

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A01900
