**Mounting Method Style:**

Wrap around type mounting facility

**Body Style:**

Finned, tubular, terminal's at each end

**Terminal Quantity:**

2

**Overall Length:**

32.562 inches

**Element Radiation Specification:**

Noninfrared

**Element Connection Style:**

Shielded wire lead

**Terminal Length:**

30.000 inches

**Shielding Length:**

29.500 inches

**Terminal Box Environmental Protection:**

Moisture resistant

**Heat Quantity:**

1

**Length:**

25.750 inches

**End Application:**

Trane model d4340/7669 air compressor

**Maximum Wattage Rating In Watts:**

60.0 single voltage

**Element Quantity:**

1

**Voltage In Volts And Current Type:**

480.0 ac single voltage

**Special Features:**

Flexible oval-shape; toggle clamp closure

**Material:**

Stainless steel sheath

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A01900
