Body Style:

Oven type

Element Radiation Specification:

Noninfrared

Heat Quantity:

1

Maximum Wattage Rating In Watts:

325.0 single voltage

Element Quantity:

1

Voltage In Volts And Current Type:

120.0 ac single voltage

Material:

Mica resistance wire embedding/support insulation and steel resistance wire embedding/support insulation

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A01900
