Body Style:

Finned, tubular, u shaped

Element Radiation Specification:

Noninfrared

Heat Control Type:

Any acceptable

Terminal Box Environmental Protection:

Moisture resistant

Heat Quantity:

1

Element Quantity:

1

Features Provided:

Capillary tube well

Frequency In Hertz:

60.0

Material:

Nickel alloy sheath

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A01900
